Experience

Aug 2021 - Present MMCY TECH | Addis Ababa Front-End Developer

- Developed and maintained responsive web applications, ensuring a seamless user experience on various devices and screen sizes.
- Implemented interactive and user-friendly features using JavaScript, TypeScript React, and other front-end technologies, enhancing the overall functionality and appearance of web projects.
- Collaborated closely with design teams to translate mockups and wireframes into pixel-perfect, visually appealing interfaces.
- Contributed to a collaborative and positive team culture, sharing knowledge and keeping up to date with the latest industry trends and best practices.

Projects

Game Discovery Platform: [click here](#)

[React, TypeScript, Chakra UI, RAWG API]

Trivia Quiz App: [click here](#)

[React, TypeScript, Chakra UI, Open Trivia API]

Bridge The Gap Ethiopia: [click here](#)

[WordPress, Elementor]

I have had the honor of volunteering my expertise to develop a website for 'Bridge the Gap Ethiopia,' a distinguished nongovernmental organization (NGO) devoted to uplifting the lives of women, children, and youth in Ethiopia.
